Help Desk Website

Before

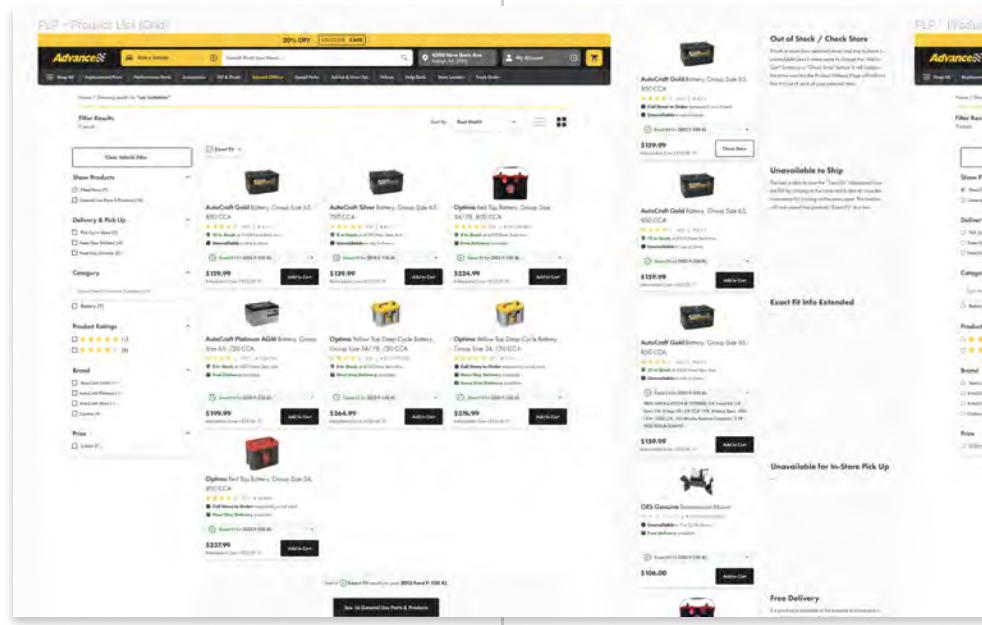

The screenshot shows the original Advance Auto Parts Support Center website. At the top, there's a navigation bar with links like "Shop All", "Replacement Parts", "Performance Parts", "Accessories", "SR & Tools", "Special Offers", and "Help Desk". Below the navigation is a search bar and a "Go to top" link. The main content area features a heading "Welcome to the Advance Auto Parts Support Center." followed by a long list of numbered support topics ranging from account information to gift card refunds. Below this is a "HOT DEALS" section and a "SPEED PERKS" dropdown menu.

After

The screenshot shows the redesigned Help Desk website. It features a prominent yellow header with the "HELP DESK" logo and a "How can we help?" search bar. Below the header, there's a "Popular Categories" section with four columns: "Top Trending", "Speed Perks", "Rebates, Coupons And Discounts", and "Frequently Asked Questions". Each column contains links to various support articles. The "Top Trending" section includes links for canceling online orders, checking gift card balances, returning items, and tracking online orders. The "Speed Perks" section includes links for privacy protection, member assistance, becoming a member, and frequently asked questions. The "Rebates, Coupons And Discounts" section includes links for rebates, discounts, and viewing all offers. The "Frequently Asked Questions" section includes links for product information and orders & pricing. A "CHAT" button is located in the bottom right corner.

iRODS Website

Before

The screenshot shows the 'Welcome to iRODS' page. At the top is the iRODS logo with the tagline 'Take control of your data'. Below the logo is a section titled 'iRODS Technical Overview' featuring a photograph of two eyes looking at a computer screen displaying the iRODS logo. To the right is a sidebar titled 'Recent News' with several news items. At the bottom is a call-to-action button labeled 'See how Sanger manages petabytes of data with iRODS'.

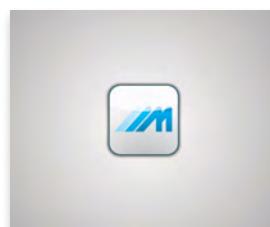

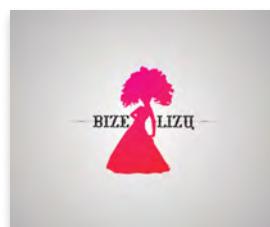

After

The screenshot shows the updated 'Open Source Data Management Software' page. The background is dark green with a hexagonal pattern. In the center, there is a grid of icons representing iRODS capabilities: Automated Ingest, Storage Tiering, Indexing, Compliance, Auditing, Publishing, Integrity, and Provenance. Below the icons is a 'Download iRODS!' button. At the bottom of the page is a navigation bar with links for CODE, CONSORTIUM, EVENTS, NEWS, and CONTACT.

The screenshot shows a detailed page for 'Workflow Automation'. It features a large icon of a gear with a play button. The text explains that iRODS uses rules and policy enforcement points (PEPs) to define workflows. It highlights the ability to manage complex multi-step processes and the use of RODB for secure collaboration. A sidebar on the right lists navigation options like About, Team, Consortium Membership, General Support, Advisory Board, Training, and History. At the bottom is a footer with a link to the iRODS GitHub repository.
